

# CLUB PRO+ TWS

True Wireless In-Ear NC Headphones

## All the Sound You Want, None You Don't.

You're always on. Shouldn't your headphones be? From the subway to your desk to the gym, music powers your day. JBL CLUB PRO+ TWS in-ear headphones give you the ultimate in true wireless performance. Connect seamlessly, no matter which earbud you grab out of the case first. Change how much of the outside world you want to let in, based on where you are and what you're doing. When you take a call, three microphones let you talk without distracting noise. All-day comfort, plus effortless nothing-to-plug-in wireless charging—and, naturally, legendary JBL Pro Sound—take true wireless to the next level.

## Features

- ▶ Zero Hassle Connectivity
- ▶ Even More Voice Clarity in Perfect Stereo Sound
- ▶ All-Day Wireless Power
- ▶ Tap To Talk
- ▶ Comfort You Can Feel, Fit You Can Check
- ▶ My JBL Headphones App

# CLUB PRO+ TWS

True Wireless In-Ear NC Headphones

## Features and Benefits

### Legendary JBL Pro Sound

Your workday playlist sounds even more inspiring with full, immersive JBL Pro Sound. Use the JBL My Headphones app to customize the sound to your liking or choose presets from STAGE+ created by the world's top DJs.

### Adaptive Noise Cancelling with Smart Ambient

In a crowded coffee shop trying to drown out the loud conversation at the next table? Activate the noise cancelling technology and stay focused. Walking in a busy street? Let in the surrounding sounds and keep walking safely. Need to have a quick chat with your coworkers? TalkThru makes it easy to do it keeping your headphones on.

### Zero Hassle Connectivity

Your JBL CLUB PRO+ TWS pair seamlessly to your device as soon as you flip open the case, thanks to Dual Connect + Sync technology. And no need to remember which one to grab first, because you can do all the things with either earbud, whether you're using both or just one.

### Even More Voice Clarity in Perfect Stereo Sound

Have no fear about taking a call outside on a breezy day. 3-mic beamforming technology delivers crystal clear calls with all the sound you want, while eliminating the background noise you don't.

### All-Day Wireless Power

Make it all the way through your workday with an 8-hour charge and 3 times more from the case (24 hours). If you need a little extra juice, just 10 minutes in the charging case will get you another hour's use. The stylish, ergonomic charging case supports both totally wireless Qi charging and Type-C connectors.

### Tap To Talk

Just tap the iconic JBL logo either to talk to Google or to activate Amazon Alexa. Three sensitive mics mean your digital assistant won't have any trouble hearing or understanding you.

### Comfort You Can Feel, Fit You Can Check

The unibody design inspired by professional in-ear monitors offers all-day comfort. The first time you use them, the downloaded JBL app walks you through an easy Seal Check to make sure you're getting the best fit from the three ear tip sizes included.

### My JBL Headphones

Get even more control and personalization of your listening experience with this free App.
